Dog Spay Over 60 lbs: \$60.00 plus \$1.00/lb for each pound over 60 lbs**

MENTION THIS COUPON WHEN YOU CALL AND BRING IT ON SURGERY DAY

We utilize high quality surgical protocols that are **INCLUDED** in the surgery fee above:

- A pre-surgical examination on the day of surgery.
- Personalized anesthesia protocol for each pet.
- Computerized monitoring of vital signs during the procedure.
- Antibiotic injection to prevent post-operative infection.
- Post-op recovery under observation.

** There are additional **AFFORDABLE FEES** for these **REQUIRED CARE** surgical protocols:

- I.V. catheter and heated I.V. fluids during surgery. (Helps maintain body temperature and blood pressure, and gives access for anesthetic & emergency medications.)
- Post-operative pain medication. (Prevents pain and suffering upon recovery.)
- Dissolvable sutures. (No return trip to the clinic to have sutures removed.)
- A current Rabies vaccination is required. We are happy to administer this at the time of surgery.
- Pre-Operative blood draw and lab work is recommended, but not required for all animals.

Please call to schedule an appointment at our S.W. clinic, 1/2 mile from the 5 Freeway at Terwilliger Blvd. We will provide our **AFFORDABLE FEE INFORMATION** when we schedule your pet's surgery appointment. Other services are also available, such as AVID chips & vaccines on surgery day.
