

2023 PEPPERS

ARIBIBI GUSANO – Rare plant from Bolivia, with slender, white fruits, with a strong hot citrus flavor.

BRAZILIAN STARFISH - Deep red star shaped fruit, of variable heat, yet juicy and sweet.

BRIDGE TO PARIS – Sweet Italian type large 7 to 9” elongated fruits.

BUENA MULATA – Very rare, extremely productive and stunning pepper. William Ways Weaver introduced this pepper from his grandfather’s collection. He received it from African American folk artist Horace Pippin in 1944. Undergoes color changes during ripening violet to pink to orange to brown then red. Pods are 6-7 inches long and smooth.

CANDY CANE CHOCOLATE CHERRY – Little snacking pepper, mini bell shaped fruit 3.5 inches long by 2.5 inches wide. Ripens pretty chocolate with red strips. Very pretty plant.

CORBACI - Very long 10 inch fruits twisted and very slender. Wonderful sweet flavor.

GORONONG - Habanero heat from Malaysia contorted 3 1/2 inch contorted yellow fruit.

LESYA - Believed to be the sweetest of all peppers. Very thick flesh, juicy, stocky plant.

MANGANJI – The King of Japanese chili peppers. One of the best tasting peppers. Generally sweet but often have a bit of heat.

PADRON - Traditional tapas pepper from Spain.

QUADRATO D' ASTI ROSSO - Very thick red flesh sweet rich taste.
Excellent for frying, salads or sruffing.

RAINFOREST CHILI- Habanero, fruity flavor 1 1/2 inch fruit on 2 to 3 foot plants. Dark peach color when ripe.

SHISHITO - Medium early small, sweet, thin walled green pepper from Japan.

SUGAR RUSH PEACH - Super early, high yields of sweet, peach colored fruits.

TAKARA SHISHITO - Light green, ripens to red, early and productive

THUNDER MOUNTAIN CAYENNE - This is one of the neatest peppers to grow, they almost seem alien. Very long, slender cayenne with medium heat. These are the longest peppers we've ever grown. Bright red fruits are excellent to dry for ristras and delicious, dried hot pepper flakes. The 8-20 long, thin-fleshed fruits taper to a skinny point.

TUNISIAN BAKLOUTI - Traditional pepper of Tunesia, large red tapering pods, hot but milder with cooking.
